**Attention of:- Mr John Flood**

Dear Sirs,

**Re: Samworth Church Academy – Mansfield**

We have completed the New Academy Building on the above project. I thought it would be an opportune time to thank you for your Company's contribution in achieving this success. The finished product is to a very high standard, and reflects on all the contractors involved.

Your works were at the front end and enabled the swift completion of the structure to the agreed programme. The design interface was excellent and the quality achieved can be readily seen on the exposed soffit ceilings utilising the thermal mass for comfort cooling. Your customer service has been readily available, to respond to the numerous builders work issues that arose during construction.

Thank you again for your professional approach to achieving a first class installation. I look forward to working with your company again on my next project.

Yours faithfully,  
**Kier Marriott**
